Mobile Connectivity with your Xerox AltaLink

Gabi Solutions has revolutionized the way you can interact with your Xerox AltaLink with the introduction of Gabi Go — enhancing your mobile connectivity to your multifunction printer while providing the gold standard of security: Biometric Multifactor Authentication.

Using Gabi Go, your workforce will be able to securely and flawlessly execute MFP functionalities using Touch or Voice commands powered by IBM Watson® through a device they already know and use frequently: a mobile phone.

With 77% of today's workforce spending at least two hours a day on their smartphones, implementing Gabi Go will increase your work efficiency on a daily basis providing an immediate impact.

Why Choose Gabi Go?

Zero Privacy Footprint – From Social Security Numbers to Credit Card information, the data you run through your Xerox Multifunction Printer can be extremely sensitive.

Your jobs issued through Gabi Go are interpreted securely and accurately at all times. Your data is not stored or transmitted to a third party by neither Gabi Solutions nor IBM Watson.

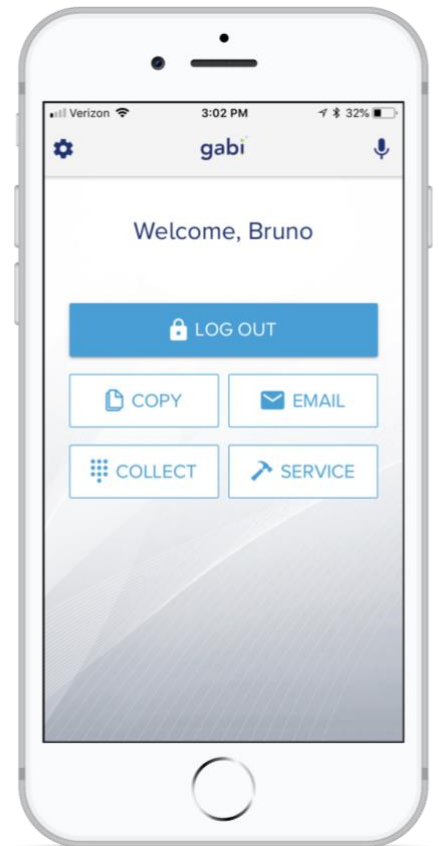

Product Highlights – What's Included?

On top of remaining dedicated to your data security, Gabi Go offers additional valued propositions including but not limited to:

1-to-10 Gabi Smartbox: Allowing your workforce to establish a flawless connection to your Xerox AltaLink fleet, Gabi Go allows your users to connect up to ten Multifunction Printers at a time.

Multifactor Authentication: With a gold-standard authentication, using Touch ID on the Gabi Go mobile app, your personnel can interact with your MFPs with a higher level of security as opposed to card-based user identification on your Xerox AltaLink.

User Experience – Touch & Voice: Turn minutes into seconds by executing flawless commands through Touch or Voice. You'll have the luxury of choosing your preferred method while on the go.
